Swap

Make a reservation for the chosen vehicle! You can do a Point ...swap 2) or a Pointless ...swap. The vehicleowner decide if it is possible to swap instantly or after his approval.

When start a swap instantly, the vehicleowner accepts that a customer can book his vehicle directly! Never the less you need the approval of the vehicleowner to complete the reservationproces and the payment.

You can make the reservation for a pointless -or a points ...swap in two different ways. You can fill the form by clicking on right top of the page of the vehicle (.....) or right click and select the menu option you need or you can go directly to the form of reservation pointless ...swap or reservation point...swap. Be aware that when you make a reservation by clicking on right top of the page or right click, that you choose the right option. For example if you want a pointless ...swap, you must choose "reserve pointless ...swap". If (by mistake) you select "reserve points ...swap", the form will not open!!

Most of the fields will be fill in automaticly after you filled in the location of the vehicle , the date and the name of the customer.
